

## Get to Know White Cap's BE SAFE Safety Standards

---

**At White Cap safety is our top priority.** It is imperative that safety stays top of mind when our associates are on a customer jobsite or in one of our branches, warehouses, or warehouse yard.

White Cap keeps enterprise-wide safety standards to support our vision to make White Cap workplaces the safest in the industry. We invite our associates, partners and customers to join us in our critical mission to ensure that everyone follows all prescribed safe work practices and procedures so all of us can return home safely every day. Learn more:

[\*\*Top 10 White Cap BE SAFE Safety Standards\*\*](#)

These standards are informed by the following common set of beliefs that drive everything we do and help us work together as one team to achieve our vision:

- All injuries and incidents can be prevented.
- All associates have a fundamental right to a clean and safe workplace where safety hazards and risks are proactively identified and properly controlled.
- Every associate in the White Cap Team has a personal responsibility for the health and safety of fellow associates and customers.

White Cap is proud to stay true to our TRUSTED Value of Unwavering and keep an **unwavering commitment to safety.**
