

White Cap to Attend the 2024 American Public Works Expo in Atlanta, GA

White Cap is excited to attend the 2024 American Public Works Expo (PWX) in Atlanta, GA from September 8 – 11, 2024.

[PWX](#) is North America's largest exhibit floor for public works equipment and services. White Cap will be hosting a booth for the entirety of the expo to discuss safety, our value-added services, benefits of utilizing Sourcewell, and our sustainability initiatives in the construction industry.

All PWX attendees are encouraged to stop by the White Cap booth to meet with our experts and learn how we can support your organization(s) and industry projects. The booth number is 1710 and will be located near the entrance.

“This is our second time hosting a booth at PWX, and we have been looking forward to coming back for 2024.”, said Aaron Zeide, Vice President, Strategy.

“PWX is a great opportunity for industry leaders, contractors and other public works professionals across the country to network and learn more about how White Cap can continue to invest in and build North America.”
